## Vision, Mission, Values

**Our Vision, Mission and Values inform all aspect of the day-to-day work of the TGS team, both ashore and at sea. Our Sustainability Vision applies these same principles as we fulfil our commitment to plan for tomorrow – today.**

### Our Vision

Leading regional supplier of innovative, tech-based, sustainable and industrial shipping solutions. Designer of social development programs that increase regional health and social mobility.

### Our Mission

To create value for our customers and other stakeholders by being a sustainable NVOCC, Shipping husbandry and Shipping services company.

### Our Values

**Sustainability:** At TGS our team is committed to building multi-generational relationships with all like-minded stakeholders and ensuring all operations are consistent with this foundational value.

**Innovation:** In TGS we inspire each other to drive creativity in the pursuit of new business and in search of the

optimal solutions - going beyond the obvious.

- **Integrity:** In TGS we act ethically, keeping our word and treating others both inside and outside the Company with fairness and respect. Honesty and fairness remain at the centre of all we do. It is who we are.

- **Solution-oriented:** At TGS we recognise that our customers rely on us to find solutions to a variety of challenges. We know our limitations, but work to find solutions to all our customers needs, even if that means connecting them with a competitor. We seek to learn from others culture, opinions and skills in order to create value for all stakeholders.

- **Development Focused;** At TGS we are interested in the genuine development of the individuals around us. We acknowledge that as we improve, we must seek to improve those around us.

### Our Sustainability Vision

Becoming an industry leader in creating enduring value by taking responsibility for the future through the choices we make today. This means:

Clear and consistent leadership whilst engaging our employees  
Transparency and improving our economic, environment and social contribution  
Developing our human potential and collaborating with those who share our vision locally and globally.
